Section B (Abstract Author Disclosure)

Conflict of Interest

- The conflict of interest policy of LSRC is consistent to that of RESPIRATORY CARE.
- The Review Committee will decide whether the presence of conflicts of interest affects the suitability of the abstract for acceptance.
- Disclosure of relationships will not necessarily affect the review of the abstract.
- Having conflicts of interest is not considered unethical. However, not disclosing such conflicts of interest is unethical.
- **Disclosures of potential conflicts of interest should be for the previous 2-year period.**
- **Authors must provide full disclosure of all potential conflicts of interest. The type of relationship (e.g., consultant, speaker, employee, etc.) and the monetary amount need not be specified.**

The following conflicts of interest must be addressed by the presenting author on behalf of each entity involved in the proposed abstract study. This includes, but is not necessarily limited to, affiliated or sponsoring institution, presenting author, co-authors, research/nurse coordinators, technicians, post-docs/ fellows/ residents, and other students working on the project.

For the previous 2-yr period, does any study member or your institution:

1. Have an equity interest in or is an employee of the company that is sponsoring this research or in a company with similar or competing products? Mark "No" if there is no financial sponsor for this study.
